

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

---

SEPTEMBER 27.

Mr. CHAS. P. PEROT in the chair.

Two hundred and two persons present.

*Greenland Explorations.*—MR. R. E. PEARY, U. S. N., made an informal and preliminary report on his exploration of Greenland during the last twelve months. He announced that he had been able to carry out almost to the letter the plan submitted to the Academy, the merits of which this society, whose practical interest made fruition possible, was the first to recognize. He had traced the northern limit of the interior ice-cap of Greenland and settled the northern extension of the main land-mass. He had completed the surveys of Davis Strait and Inglefield Gulf and he had availed himself of unique opportunities of studying the Arctic Highlanders, a tribe of about two hundred and thirty souls separated from the rest of humanity by the sea and by impassible glaciers, but whose acute ability to obtain their two great necessities: something to eat and something to wear, is not excelled in the world.

Mr. Peary then returned to the Academy the flag presented to him at the setting out of his expedition. It is the only flag which has been carried across the northern boundary of Greenland, or has floated over the east coast above the 77th parallel.

PROF. HEILPRIN read the preliminary report of the Relief Expedition, which will be published in detail at a later date.

The following were elected members:—J. Liberty Tadd, George S. Wolf and N. V. Ball, M. D.

The following was ordered to be printed:—
